

COL. HENRY'S APPRECIATION

Of Treatment by People of
Earlington Expressed in
General Order.

THIRD REGIMENT RETREATS IN EXCELLENT ORDER.

Enormous Crowd From All Over Coun-
ty at Dress Parade Sunday.

GREAT SERMON PREACHED BY CHAPLAIN THOMAS.

Cordial Welcome Awaits Return of
Regiment in Future Years.

Headquarters Third Infantry,
Kentucky State Guard,
Camp John B. Atkinson,
Earlington, Kentucky,
17th Aug. 1909.

General Order No. 8.

Par. I. Camp will be struck
to-morrow; organizations leav-
ing on the morning trains will
strike tents immediately after
breakfast and have all company
baggage ready to be moved at 7
o'clock a. m. Wagons will be
on the ground at that hour. All
tents, poles, pins, stoves and
other property will be piled at
the head of company streets
where it will be turned over to
the Regimental Q-M. Straw in
bed sacks will be carried to a
central point to be designated
and burned; company streets
thoroughly policed.

The Regimental Commander
desires to thank his honor, the
Mayor, and City Officials and
through them the citizens of
Earlington for many courtesies
extended to the regiment and he
trusts that the conduct of the
officers and men of the regiment
has been such as to leave a
pleasant remembrance of our
stay at Camp John B. Atkinson.
By order of Colonel Henry.

FRANK D. RASH,

Cap't. 3d. Inf'ty. K. S. G. Adj't.

NOTES.

After a pleasant 10 days' stay
the last of the visiting soldiers
left yesterday afternoon and we
regret to see them leave. The
officers and men alike endeared
themselves to the hearts of the
people of our city and we shall
look forward with pleasure to
their return next year. We are
glad to say that no more mably
and finer lot of men ever visited
our city than the soldiers of the
3rd Regt. K. S. G. The health
of the camp was splendid and
the amount of sickness for so
large a number of men was very
small indeed. The conduct of
the men were above reproach
and everything passed off very
nicely. The dress parade and
guard mount every day was vis-
ited by hundreds of people from
surrounding towns and enjoyed
by all. The Third regiment will
compare favorably with any
state guard regiment in the
United States. Come again,
boys, you are welcome.

The Third Regiment has come
and gone and has left pleasant
and praiseworthy memories be-
hind among the people of Ear-
lington and the surrounding
country, who will look forward
with pleasure to their return
next year and the other years to
come, for annual encampment
and the practice of shooting on
the national range, perhaps the
most essential thing in the train-
ing of a soldier. Earlington
people in large numbers formed
the military habit during the
encampment and will not know
for a while how to spend

PARTIAL TICKET IS NOMINATED

By Republicans in County Con-
vention on Monday.

FINLEY DECLARES HE WILL BE NEXT COUNTY JUDGE.

The Republican county con-
vention, held at Madisonville on
Monday, nominated the follow-
ing candidates for county offices
and conducted the entire pro-
ceedings in the most harmonious
manner. Only a partial ticket
was named, as follows:

County Judge, Thos. E. Fin-
ley, Madisonville.
Sheriff, G. T. Bell, Madison-
ville.
Jailer, Joe Clark, White
Plains.

County School Superinten-
dent, Taylor Craynor, St. Charles.

Representative, Rev. W. H.
Moore, Grapevine.

Coroner, Dr. W. P. Ross,
Madisonville.

All the nominations were
made unanimously.

Letcher R. Fox was made
chairman of the convention and
Walter Orick, secretary, after
the convention was called to
order in the usual form by County
Chairman John B. Harvey.
Dr. C. B. Johnson was made
assistant secretary.

The Chairman appointed the
following committees:

Organization—Geo. A. Finley,
J. E. Hartford, G. W. Maxey,
Wm. Pinkston, W. M. Porter,
N. H. Jones, W. E. Rash.

Rules and Order of Business.
—M. K. Gordon, Joe Woodruff,
P. R. Cabel, Claude Porter,
Harry Corey, G. O. Prowse.

Resolutions—W. R. Teague,
W. P. Scott, C. J. Waddill, R.
E. Walker, H. E. Bourland, W.
B. Corum.

Credentials—Waverly Hibbs,
Jno. King, Marion Lee, W. H.
Hanner, Dudley Cunningham,
J. W. Slaton, Geo. Sadler.

Thos. E. Finley's name was
presented, for County Judge, by
W. B. Corum, of Ashbysburg,
and seconded by C. J. Waddill.
There were no other nominations
and Finley was declared the
nominee by a unanimous vote.

Joe Clark was nominated for
jailer by C. J. Waddle, and had
no opposition.

G. T. Bell was nominated for
sheriff by M. K. Gordon. D. D.
Woodruff, of St. Charles, was
nominated by W. P. Scott, but
while the vote was being cast
Mr. Woodruff's name was with-
drawn and the nomination of
Bell was made unanimous.

C. J. Waddill named Dr. W.
P. Ross for coroner and without
opposition the nomination was
made unanimous.

Magistrates and constables
were nominated as follows:

First District—J. C. Teague,
magistrate; no nomination for
constable.

Second District—J. R. Evans,
magistrate; no nomination for
constable.

Third District—J. C. Peyton,
magistrate; no nomination for
constable.

Fourth District.—No nomina-
tions for magistrate or constable.

Fifth District.—John Mitchell,
magistrate, J. W. Winstead,
constable.

Sixth District—W. N. Gunn,
magistrate, I. N. Chappell, con-
stable.

Seventh District.—Wm. L.
Harris, magistrate, Harrison
Hixon constable.

The report of the resolutions
committee was as follows:

1.—As Republicans we reaffirm

the principles and policies
of the Grand Old Party and re-
new our loyalty and allegiance
to it, as we point with pride to
its great achievements both in
state and nation.

2.—There should be an econ-
omical, conservative, business-
like administration of county
affairs; particularly is this true
with regard to our public roads
and bridges and country prop-
erty, and all public work should
be done in strict conformity to
the law. Ability, fitness, hon-
esty, sobriety, and proper tests
for public service; and every
public officer or servant should
be chosen on his merits, and in
contests for local offices not in-
volving party principles, we
should not be blinded by parti-
sanship, but should select the
best men for the service.

3.—We believe in a strict and
impartial enforcement of law,
and demand that all public
officers stand for law and order,
and we believe that all good cit-
izens should see to it that the
officers do their duty on pain of
prompt removal from office.

Speeches were made by M. D.
Brown and Thos. E. Finley.
Judge Brown's speech was of
the rousing order and was
cheered liberally by the dele-
gates. Mr. Finley spoke in
acknowledgment of his nomina-
tion, thanking the convention
heartily and declaring that he
would win the race and would
be the next county judge. He
touched, especially, on the ques-
tion of better roads, declaring
that the way to have them and
to have them on the most econ-
omical basis was to take the
whole matter of public roads
out of politics and handle it as a
straight business proposition.
He dwelt on the matter of en-
forcement of the laws generally
and, as of especial interest at
this time, the enforcement of the
local prohibition laws, closing
his remarks on this point in
these words:

"I regard the bootlegger and
the blind tiger a parasite on
society and that all influence
and all the power vested in me
as your county judge shall be
used early in the action to en-
force all the laws and especially
against the sale of liquor in
Hopkins county.

51 LEAVES RAILS AT ADAMS STATION

Two Passenger in Day Coaches were
Slightly Injured—Spreading Rails
Causes Accident.

No. 51, the fast train between
St. Louis and Nashville, South-
bound was derailed Tuesday
night near Adams Station about
7 o'clock. The engine, four
coaches and one sleeper left the
track and the tender overturned.
Two men in a day coach were
injured, but it is not thought ser-
iously. Spreading rails were the
cause of the wreck.

51 was behind time and was
running at the rate of forty-five
miles an hour when the accident
occurred. When the huge engine
left the track it remained up-
right, but the track was torn up
for about a hundred yards. At
the rate of speed the train was
going and from the appearance
of the track after the wreck it
seems almost a miracle that no
one was killed outright.

The two passengers injured
were J. W. Bacon of Swan, Ia.,
and Mr. Van Hooser of Kentuc-
ky. Neither is seriously injured
and both were reported as rest-
ing easy this afternoon. One re-
ceived an injury to his hip and
the other's back was wrenched.

Immediately following the
wreck dispatches were sent to

Nashville, Howell and Earling-
ton, and wreckers were sent to
the scene. The wrecking crew
from Nashville reached Adams
Station shortly after 11 o'clock
Tuesday night. The three crews
worked hard all night, and by
7 o'clock Wednesday morning
the track had completely repair-
ed and the coaches placed upon
it.

The night trains running over
this line were delayed, but the
St. Louis train, No. 53, due to ar-
rive in Nashville about 8 o'clock
in the morning, and the Clarke-
ville Accommodation, No. 99,
were only twenty or thirty min-
utes behind the regular schedule
time.

No. 53 brought the passengers
of the wrecked train to Nash-
ville this morning with the ex-
ception of the two men who re-
ceived injuries, and they were
placed in a Pullman, which was
attached to the Clarksville Ac-
commodation, and brought to
this city.

The wrecked train was in
charge of Engineer Wm. Griffith
and Conductor Thos. Wene, both
of Nashville.

DEATH OF MRS. PAULINE JONES A Much Beloved Woman Passes Away After Long Illness

The death of Mrs. Pauline
Jones which occurred at her home
on railroad street last Thursday
about 4:30 while expected was a
shock to relatives and friends.
She had been in declining health
for several months and for weeks
was confined to her bed, a patient
and cheerful sufferer, carefully
nursed by friends and her son
Henry to whom she was devoted.

Mrs. Jones was 73 years old a
good christian woman, loved by
all who knew her. She is sur-
vived by a sister Mrs. Elizabeth
McEuen, three sons, W. T.
Jones, Charlie Jones, of Jackson-
ville, Fla., and Henry G. Jones of
this place who resided with her.
The funeral services occurred
Friday morning at the residence,
conducted by Rev. Geo. C. Ab-
bott, of Hopkinsville; the burial
at Earlington cemetery. The
floral offerings were many and
beautiful.

Had No Reference to Mr. Corey.

The squib in the military notes
in last week's Bee about the
soldiers being accused of raiding
fruit trees, etc., had no reference
to Mr. H. S. Corey, to whom we
understand it has been applied
by some who read it. Every-
body who knows Mr. Corey
knows that when he makes any
complaint he has good reasons
for doing so, and The Bee would
be the very last to say anything
unkind or critical of him. There
is no larger hearted, more liberal
or long suffering man in the
community than H. S. Corey.

REPUBLICANS NOMINATE TWO DEMOCRATS IN THIRD DIST.

McCarroll for Circuit Judge and Krone
Commonwealth's Attorney.

Kuttawa, Ky., Aug. 17.—At
the Republican convention of
the Third judicial district, held
here to-day, two Democrats
were nominated on a law-and-
order platform.

For Circuit Judge Joseph Mc-
Carroll, of Hopkinsville, was
nominated, and Walter L.
Krone, the present County At-
torney of Lyon county, was put
up for Commonwealth's Attor-
ney. Both are Democrats.

The district is composed of
Calloway, Christian, Trigg and
Lyon counties.

SECOND MONDAY IN SEPTEMBER

Earlington Graded and High
School Will Open With Fine
Corps of Teachers.

Miss Minnie Kemp, of Columbia, Will be
High School Teacher.

The Earlington Graded and
High School will open on Mon-
day, September 13, with a
splendid corps of teachers.
Those who have been working
diligently to secure the best
available teachers to fill vacan-
cies for the coming year believe
that the school has never had a
better line up.

The homefolks who will con-
tinue to train our youth in the
way they should go are Mr. R. Y.
Maxey, principal; Misses Mary
Mothershead and Ruby Sisk,
primary and third grade. Miss
Martha McGary starts in as
teacher for the first time this
year, well equipped and enthu-
siastic for her chosen work.
Miss Lois Willis returns this
year and will, as before, have
one of the lower grades, prob-
ably the second. Miss Minnie
Kemp, of Columbia, Ky., rated
as one of the very best high
school teachers in the State, will
be the high school instructor,
taking the place made vacant by
resignation of Miss Van Arsdell.
Miss Katie E. Murrell fills in the
list thus far chosen and has
special qualifications for the
work laid out for her. She also
comes highly recommended.
An additional teacher will prob-
ably be employed, but this is
under consideration and will be
decided according to develop-
ments within the next two
weeks.

The teachers will probably ar-
rive in Earlington on Friday be-
fore school opens, so that a con-
ference may be held and the
work outlined before the school
is to begin.

GALBREATH-MAXEY.

Principal of Earlington Graded School
Will Wed Next Week.

Invitations are out for the
marriage of Miss Alma Lee
Galbreath, of May's Lick, Ky.,
to Mr. R. Y. Maxey, principal of
the Earlington Graded Public
and High School. The wedding
will be at the home of the
bride's mother, Mrs. G. B. Gal-
breath, at May's Lick, next
Wednesday, August 25th at half
past one in the afternoon.

Mr. Maxey has kept his friends
here guessing for some time,
though they were wisely suspi-
cious a short while after the last
term of school closed. They are
wishing for him and his bride-to-
be all the good things that are
possible.

Mr. and Mrs. Maxey will be at
home on East Main street at Mr.
Maxey's present home, about
September 1st. He leaves Ear-
lington today.

"UNCLE TOM" RELIC GONE.

Kentucky Courthouse Where Negro Was
Sold Struck by Lightning and
Destroyed.

Lexington, Ky., Aug. 13.—The
courthouse at Washington, Ma-
son county, in which "Uncle
Tom" of "Uncle Tom's Cabin"
fame was sold, was struck by
lightning and destroyed today.
The building was erected in 1794.
It was the sale of the aged negro
at this place that gave Harriet
Beecher Stowe the basis for her
story.

ANNOUNCEMENT OF PENDING DEAL

In Hopkins County Coal Mining
Property.

I. Bailey Will Re-enter Coal Mining
When Deal is Completed.

Madisonville, Ky., Aug. 17.—
Negotiations have almost been
completed in a deal with a large
Eastern syndicate in New York
for the purchase of the I. Bailey
coal property lying along-
side of the Reinecke Coal Min-
ing Company's property in this
county. It is the purpose of
this Eastern syndicate to pur-
chase this property, consisting
of nearly 4,000 acres and open
up at once three or four large
modern plants. Everything
will be equipped in the most
modern way with the latest
electrical machinery.

Work on the erecting of the
plants will be started as soon as
the deal is consummated and all
haste will be made to get the
plant under headway at the
earliest moment. I. Bailey,
who for many years was in
charge of the Reinecke mines
at this place, will be the general
manager of the new company
and will have entire charge of
the operations of the mines and
managing of the business.

John C. Latham Dead.

Hopkinsville, Ky., August 18.
—This city is deeply saddened
by the news of the death of John
C. Latham in New York City.
He was born in Hopkinsville
October 22, 1844, and was edu-
cated here. At 17 years of age
he entered the Confederate
army as a private, his first ex-
perience being at Ft. Donelson.

He fought through the war un-
der Gen. Forrest and later in
Gen. Beauregard's command.
After the war Mr. Latham en-
gaged in business in Memphis
and Hopkinsville for three years
and then went to New York. In
a few years he formed a part-
nership of the well known bank-
ing firm of Latham, Alexander
& Co. He was many times a
millionaire and one of the old-
est members in point of mem-
bership on the New York Stock
Exchange. He leaves a widow,
formerly Miss Elsie Gaylord, of
Louisville, and a little daughter.

For thirty years Mr. Latham
had been Hopkinsville's greatest
benefactor. To all public enter-
prises and private charities he
has been wonderfully liberal.
No call upon him ever passed
unheeded. He owned Hotel
Latham here, and to his gener-
osity is due the erection of the
Confederate monument in River-
side Cemetery.

On receipt of the news of Mr.
Latham's death Mayor C. M.
Meacham sent the following dis-
patch to Mrs. Latham:

"There is universal sorrow
here over Mr. Latham's death.
For the whole city I tender sym-
pathy and condolence. Please
advise of funeral arrangements
in order that appropriate steps
may be taken to honor prop-
erly the memory of Hopkinsville's
greatest and most beloved bene-
factor. I shall issue a proclama-
tion closing all business houses
on the day of the funeral."

The funeral will take place
here Saturday and Sunday and
the body will be placed in the
Latham family mausoleum.

Card of Thanks

The Ladies Aid society of the
M. E. Church South wish to ex-
press many thanks to Messrs.
Nick Toombs and Robert Brown
for their building which they
kindly gave the use of for an
cream parlor during the encamp-
ment.

Local Happenings

The City Hall will soon be ready for occupancy and the city officers will move in in a few weeks.

FOR SALE—One house and lot cheap, on E. R. Street. Good water and electric lights. Apply to Henry G. Jones.

Quite a large number of people from surrounding towns were in the city Sunday to witness dress parade of the Third regiment.

Services at the M. E. Church, South, Sunday 11 a. m. and 8 p. m. Sunday school, 9:30 a. m. Epworth League, 7:30 p. m.

The crowd Sunday evening to witness dress parade was the largest in Earlington. The estimate was not less than four thousand.

The services held in the grove at camp grounds Sunday morning by Chaplain Thomas, were attended by a large crowd, who listened attentively to his able discourse.

The Third regiment band will be greatly missed by all who attended dress parade and the evening concerts. Their sweet strains of music drew large crowds each evening.

Mrs. R. Edwin Brooks, who has been in the Woman's Hospital at Nashville, Tenn., for the past month, has so far recovered as to be able to return home.

The Hopkins County Medical Society will meet in regular session today 10 a. m. in the Y. M. C. A. Building at Madisonville. The members are requested to be present at this meeting.

A. O. Sisk, Secretary.

Where shall we go, what shall we do? Is heard on every hand, now the soldier boys have broken camp and gone. They were a fine looking, orderly set of men and the Earlington people will give them a warm welcome when they return to camp next summer.

The ladies of the M. E. Church, South, who conducted an ice cream parlor in the vacant store of N. I. Toombs during the encampment, closed their doors last night, after a very successful 10 days. The money made by these ladies will go into the building fund of that church.

A large number of our citizens attended the Republican convention at Madisonville Monday. The proceedings of that body will be found in another column. Among those gentlemen who attended were Thos. Denton, J. K. Martin, Jas. Kilroy, Geo. Sandler, H. S. Corey, B. W. Wood, W. R. Coyle, J. X. Taylor, Dr. C. B. Johnson and others.

Chas. Egloff died at the home of his mother Sunday. He was 22 years old and has been sick for about three weeks with bowel trouble. Charlie was a telegraph operator and worked for some time at this office and had a host of friends who extend their sympathy to his mother, sister and brothers. He was buried at Earlington cemetery Monday morning.

Miss Kathleen Cory left Monday morning for a visit to relatives at Rome, Ga., in company with her uncle, Mr. Todd, of Madisonville. Mr. and Mrs. H. S. Cory, with their other daughters, will go to Rome shortly to visit and to benefit by the change in climate. Mr. Corey has been a sufferer from hay fever for years and that section is said to provide a climate particularly beneficial in such cases.

A Military Symposium.

(Communicated)

The encampment is now a thing of the past and Earlington once more assumes its natural aspect. For ten days the soldier boys of the Third Kentucky Regiment had a good time as it were. Of course, a few rough heads had to forget their manhood, and bring unpleasantness into the camp, but as a rule, the boys were mannerly and conducted themselves with probity and perfect behavior. It is evident that the citizens of Earlington enjoyed the martial appearance of the camp, and were instructively entertained when

witnessing Guard Mount and Dress Parade, and the hillside was a kaleidoscope of colors as the ladies sat or stood to view the military maneuvers as the boys marched in the sweltering sun.

As a whole, this camp was one of the best ever held in this state, and Col. Henry, who is every inch of a soldier, is the idol of his men. He seemed deeply interested in their welfare, and they appreciate it. Capt. Rash, Regimental Adjutant, made himself very popular with the rank and file of the Regiment. Majors Berry and Denhard were also painstaking in giving the boys a good time; however, not without exercising disciplinary control over them. Surgeon Major Watkins had his corps to take special care of the sick and injured, and the excessive heat kept them quite busy.

One of the principal features of the encampment was the Third Infantry Band, under the leadership of Captain W. P. Daniel, Chief Musician. The evening concerts were classic in their order. The Third Infantry Band is one of the best military bands in this country, and was always ready to entertain the officers and the citizens during the encampment. During Guard Mount and Dress Parade the Band was in charge of Col. Chas. W. Ratterman, who for this encampment, acted as Drum Major. Col. Ratterman is a military man of recognized ability and for more than six years was Assistant Inspector General of the Uniform Rank Knights of Pythias. Col. Ratterman's military bearing and perfect command attracted the attention of everybody in camp, and it was noticed by all that he resembled ex-president Roosevelt. On every hand could be heard, "There goes Teddy Roosevelt, etc."

Capt. Houli, U. S. A., remarked that the Third Infantry was one of the best regiments of the State Guards he had ever had the pleasure of inspecting. He was so well pleased with the deportment of the boys, that he stopped to talk to them as he made the inspection.

The Officers' Military Ball was a grand success, and the dancing music furnished by the Regimental Band, was delightful and greatly enjoyed by the dancers.

Camp broke yesterday, and the citizens of Earlington were sorry to see the boys leave.

EARLINGTON MAN IS HONORED.

Elected an Honorary Vice President of Lincoln University Endowment Association.

Along with a number of such men as the Honorables Wm. H. Taft, James A. Sherman, Elihu Root, Henry Watterson, and other prominent public and business men of the country, an Earlington man has been elected as an Honorary Vice President of the Lincoln University Endowment Association, which proposes to raise a fund of one million dollars to found a great university, by the end of this centennial year, at Cumberland Gap, Tenn. Mr. John B. Atkinson is the man who has been honored with this appointment.

This University seeks to give young men and women education in some of the trades as well as a liberal education in the literary department, and the scope of its work is wide.

EARLINGTON MAN IS HONORED.

Lieut. Brick Southworth Ordered to Frankfort for Duty With First Regiment.

Lieutenant Brick Southworth will go this afternoon to report to the Adjutant General at Frankfort, on telegraphic order assigning him to duty as assistant regimental commissary for the First Kentucky Infantry, about to go into encampment near Frankfort. This is a distinct compliment to Lieutenant Southworth and an expression of marked confidence in his ability as a man and soldier, coming, as it does, on the heels of his recent service as commissary for the Third regiment during encampment here. Capt. Chapman, of Hopkinsville, will be chief commissary at the encampment of the First regiment.

It is rumored that Lieutenant Rogers will probably be called to Frankfort for service on the rifle range during encampment of the First Kentucky Infantry, which begins this week. The shooting will not begin until Saturday and no order has yet been issued assigning Lieutenant Rogers.

In the matter of Bankrupt William Donnelly, No. 664.

To the creditors of William Donnelly, of Earlington, in the County of Hopkins, and District aforesaid, a bankrupt.

Notice is hereby given that on the 11th day of August, A. D. 1909, the said William Donnelly was adjudicated a bankrupt, and that the first meeting of his creditors will be held at the office of the undersigned at Room No. 5, Kentucky Bank & Trust Building, in Madisonville, Kentucky, on the Twenty-third day of August, A. D. 1909, at ten o'clock in the forenoon, at which time said creditors may attend, prove their claims, examine the Bankrupt, and transact such other business as may properly come before the meeting.

Notice is further given that the schedules of the Bankrupt disclose no assets, and unless the creditors appear and choose a trustee, no trustee will be appointed and the administration of the estate will be closed at said meeting.

Given under my hand, on this Eleventh day of August, A. D. 1909, WILLIAM L. GORDON, Referee in Bankruptcy.

"You Must Get Up Steam" Before the Engine Will "Go!"

An engine does not run today because there was a fire, and steam, in it yesterday. Nor does it run because it's a good engine--the best in the railroad yards; nor because people are in the habit of seeing it run, and know that it CAN run.

The fireman has to build a fire in it TODAY if it is to be useful today.

A store is not a busy store unless it is advertised today. It's not busy because it is "well known;" nor because it is a good store, and well located. It "goes" because of the publicity steam that is gotten up TODAY.

GOATS ACT AS TRAIL MAKERS

Eat the Most Impossible Brush
And Protect National
Forests.

SUCCESSFUL RESULTS OF

RECENT EXPERIMENT

The brush eating instinct of the Angora goat is being successfully demonstrated on the Lassen National Forest in California where they are cutting trails for fire guards through the bushy area on the slopes of the mountains.

The animals, which number 3,000, have been divided into two bands and under the care of the herders are grazed within certain well defined areas so that their work may be concentrated on the brush within those limits. The results is that that they have practically killed nearly all the brush in the course either by eating it up entirely, or by barking, as in the case of the heavy manzanita bushes. At the beginning of the experiment there was some doubt as to the goats' willingness to eat the manzanita, but it has been found that where there is little else they will just as readily attack it as any other bushes.

The grazing season was so late this year on the Lassen Forest that the goats did not begin operations until about the middle of June, but since then they have made rapid progress and the result promises to be a success from every point of view. The trails will first be opened and then kept free of sprouts by the goats, saving the Government considerable labor in cutting them out by hand as has been done heretofore, while the brushy forage which otherwise would have been wasted will support 3,000 goats very comfortably.

MINING NOTES.

Coal Car Scarcity in Middle West.

Chicago—The Black Diamond says that the coal car situation is rapidly assuming a serious aspect. Operators in every section are reporting inability to secure equipment and some Illinois operators have been consequently shut down for several days.

Accidents in Illinois.

The statistics of mine accidents in Illinois for the fiscal year ended June 30, 1908, collected by the bureau of labor statistics, show a total of 183 men killed and 819 injured. All the non-fatal accidents reported were of a serious nature, inasmuch as the mine inspectors report only those accidents which entail a loss of thirty days or more. Most of the accidents are reported as having been due to falls of roof or coal. Of the fatal accidents 64 were due to falls of rock, slate, etc., 29 to falls of coal, powder explosions killed 25, mine-car accidents 35, shaft accidents 4, and miscellaneous causes 17. The death rate per thousand, based on the bureau's figures for the fiscal year, was 2.58 in 1908 and 2.62 in 1907. The number of tons mined for each life lost in 1908 was 269,248 against 298,356 tons in 1907.

Early Production of Coal.

Probably the earliest mention of coal in the United States is contained in the journal of Father Hennepin, who as early as 1679 reported a "cole" mine on Illinois River above Fort Crevecoeur, near the site of the present city of Ottawa. It is also probable that, outside of anthracite mining in Pennsylvania and the operations of the Richmond Basin in Virginia, Illinois holds the record for priority of production. Coal

was produced in Jackson county in 1810 from a point on Big Muddy River. A flatboat was loaded with coal at this place and shipped to New Orleans, but the quantity is not stated. Again, it is reported that in 1832 several boatloads were sent from the same vicinity to the same market. Another record is found stating that 150,000 bushels (or 6,000 tons) of coal were mined in 1833 in St. Clair county and hauled by wagons to St. Louis.

American Mining Congress.

At the twelfth annual session of the American Mining Congress to be held at Goldfield, Nev., Sept. 27 to Oct. 4, the silver question will be discussed with a view to increase the use of silver, and to decrease the rate of exchange between the United States and countries of a silver standard. Moreton Frewen, the English bimetallicist, J. J. Hill and John Hays Hammond have been asked to speak

An Open Letter.

Earlington, Ky., Aug. 18, 1909.

Mr. Coal Miner,
Mr. Coal Operator,
Mr. Business Man,
Western Kentucky.

Gentlemen:-

Are you a subscriber to THE BEE?

Do YOU read THE BEE and advertise in THE BEE and give it the hearty and substantial support its devotion for twenty years to your interest deserves?

Now is a good time to take a fresh start. THE BEE is preparing to issue a splendid illustrated Coal edition, which will contain in picture and story a record of the present status and the future possibilities of the Western Kentucky Coal Field. Special original articles written by authorities on these subjects, including Mr. C. J. Norwood, Dean of the College of Mining Engineering, State University of Kentucky, and head of the Kentucky Geological survey, and Mr. John B. Atkinson, member of the Kentucky Conservation commission and the leading Kentucky authority on the subject of forestry, giving descriptive history of the coals of this field and their present development, and bearing on the very live question of forestry as related to the coal mining industry in Kentucky, all handsomely illustrated, will be published in this Special Edition. The work of soliciting is well under way and the leading coal companies in the territory so far worked have practically all made contracts for space, in which will be featured their individual operations.

Every coal operator in the Western Field should be represented in this important edition. Every important business related to the coal industry of Western Kentucky should be represented in its advertising columns. Every coal miner and every business man should be in position to possess a copy of this Special Coal Edition when issued. Every paid annual subscriber to THE EARLINGTON BEE will receive a copy of this Special Edition.

Send in your subscription, Mr. Miner. And you, Mr. Operator and Mr. Business Man, hold yourself in a friendly and receptive mood to make a contract for space when our solicitor calls to see you. Your indorsement and patronage will be appreciated.

Very truly yours,

THE EARLINGTON BEE.

on these subjects.

Illinois Coal Production.

The total production of coal in Illinois in 1908, according to statistics collected by E. W. Parker, of the United States Geological Survey, under cooperative agreement with the Illinois Geological Survey, was 47,659,690 short tons, having a spot value of \$49,978,247.

Illinois is the second among the coal producing States.

Locomotive Blasts.

To Push Railroad Construction.

Chicago—Special reports of the Commercial National Bank from all sections say railroad officials everywhere are preparing to push construction work of every kind whenever assured of the principal crops.

Elmer M. Orr, who was L. & N. agent here for several years, is visiting friends in the city.

All The same to Them.

The curfew tolls the knell of parting day; the lowing herd wind slowly o'er the lea; they chew their cud in just the same old way; although their hides are scheduled to be free.—Anaconda Standard.

Base Ball.

The management of the Earlington Base Ball Association has secured Campbell, Mo., for one game, Friday, August 20th. Campbell has been playing fast ball, playing a 1 to 0 game at Marion. Pitman will do the twirling for Earlington and this will be his last game here. Come out and see him win.

Officers Ball.

A delightful occasion was the Ball Monday night at the Auditorium rink by the officers of the 3rd Regiment during the encampment at this place. Besides the Earlington society folks, many from a distance were here. A large crowd took part with many spectators. The 3rd Regiment band furnished the sweetest music, charming all who took part and looked on till a late hour.

COL. HENRY'S APPRECIATION

(Continued from 1st page)

their evenings. The dress parades and evening concerts attracted large crowds daily. On Sunday, especially, was there a multitude on the natural theater formed by the hill before the parade ground. That crowd has been variously estimated from two to seven thousand, and some have even guessed higher. Numbers were there from Madisonville, Mortons Gap, St. Charles, Isley, and many other parts of the county and the streets of the camp were congested with pedestrians and vehicles at the close of the parade. The details of camp life were of general interest and the encampment has been something of an education in military things to many who knew nothing of them before. Earlington has lost nothing, but on the contrary has been distinctly the gainer in every way through the establishment here and conduct of Camp John B. Atkinson, from which the regiment made an orderly retreat yesterday.

Breaking of camp began early yesterday morning, the Hartford company being the early birds who were first to fold their tents. The work proceeded in the most orderly and thorough manner and before the afternoon was over everything was off the hill, the troops were gone and the tentage and baggage packed in cars for shipment. This is said to be a new record in breaking of camp.

Some of the pay-day crowd were a little out of condition after an evening at Madisonville, but hit the trail for camp promptly on arrival of train, upon kindly advice from officers to do so and not be boisterous.

The sermon preached in the grove at the foot of the camp hill Sunday morning by Chaplain Frank Thomas, was a gem of oratory, a perfect word picture on the subject of "Some Great Captains." Clear, logical, inspiring, convincing, the speaker held his large, out-door audience at perfect attention for the twenty minutes he put into his beautiful sermon on a subject than which none could have been more appropriate. Alexander the Great, Napoleon, and other great military leaders were pictured in their greatness and their weakness, the climax being "Christ, the Captain of our Salvation," and the theme, "he that ruleth his own spirit is greater than he that taketh city."

Major Berry, of Morganfield, who was stricken with an acute attack of gall stone Tuesday morning, was able to be moved home yesterday afternoon. Mrs. Berry was called when he became so ill and accompanied him home. The Major's son was with him through the encampment. Major Berry suffered greatly Tuesday and was brought in town to the St. Bernard Hospital, where he could have the best facilities and the attention of physicians and Miss Fox, trained nurse.

The conduct of the soldiers has, throughout the encampment, been the subject of favorable comment from our citizens generally. There was the very least amount of anything that could suggest disorderly conduct and the boys are known to have restrained themselves with excellent self control on occasions when a "scrap" would have seemed logical.

Wise observers know that the dry town of Earlington is the best place in Kentucky to mobilize the soldiers for annual encampment. There were sod water and ice cream and picture show and vaudeville and other innocent indulgences, but no booze served in Earlington. Very little, in fact, found its way into the members of Third when they went out Earlington and that little not allowed to cause any consequences.

FIRE-SALE PICKLES.

A pickle factory burned down in our neighborhood a few weeks ago, and yesterday the women folks visited the ruins. The neighbor's wife borrowed our baby buggy and soon returned with the following:
Eighteen bottles of tomato catsup (slightly damaged).
Ten quarts of mustard pickles (still hot).
Twenty-four quarts of sweet gherkins.
Twelve jars of crabapple jelly.
Nineteen cans of Early June peas (slightly smoked, but still in the cans).
For this outlay she expended \$2.05, notwithstanding the fact that her husband doesn't eat pickles. This is the biggest bargain the Fourteenth avenue colony has had to talk about in years.
In the meantime invitations are being sent out to all friends to come up and help eat our fire-sale pickles.

THAT SETTLED HIM.

He—I hear that your husband left you very well fixed?
She—Yes; I should say he did. He left me his money with the provision that, if I married within five years, it was to go to a hospital.

Exceptional Manners.
There was a fisherman polite whose manners were so fine. When he went to catch a fish he'd drop him first a line.

His Advice.
There was a woman living in a country town who never called in a doctor if she could help it, but was forever trying to get free advice by device means.

One day, suffering from a slight cold, she waylaid a gruff middle-aged medico of the old school, and, after a preliminary conversation, asked tentatively:

"By the way, doctor, what do you do when you have a cough?"
He looked her straight in the face for a minute, and then answered, without moving a muscle:
"I cough, madam."

A Mistake.
"You made a mistake," said the housewife to the employment agent. "I asked you for a competent maid."
"I sent you a competent one," replied the agent.

"No, you sent an impudent one," was the reply. "I thought you must have misunderstood me."

GOOD REASON.

She was a diminutive thing, carrying book and slate, and it was a cold, blizzard day, and the kind-hearted lady looking from the window saw that she was crying bitterly.
So the kind lady went out to the sidewalk and accosted her: "What are you crying for, you poor little dear? Are you most frozen?"
"No, ma'am; me ain't—boo-hoo—told. Me's c'yn' 'cause me's fald me det to school too early."

Literal Being

Evolution of the Man of the World

By ADA MAY KRECKER

WHEN Prof. Lester Frank Ward wrote his "Pure Sociology" a few years ago he alluded to a being formed by mankind as a whole. This being comprises all of human society. He is indeed the true and literal society man. He is the true and literal man of the world.

But although in existence, the man of the world is not yet really born. He is in some early, pre-natal stage of evolution. He is in reality less perfectly organized than an ordinary sea-shore polyp which consists mainly of stomach and has no backbone—two distinguishing features, it may be said, of some members of the genus homo, yet, after all, not characteristic of the normal human type.

The embryonic man of the world, albeit rudimentary, is nevertheless a real organism. He acts as a living whole. The cities, as Spencer viewed them, are big organic centers in his body. The arteries of trade are his circulatory system. As he develops, his sundry parts become coordinated. They hang together better. They knit together more intimately. They act more nearly as one. Instead of multitudes of little beings he begins to behave as one being.

Of this, as our society man grows, we have many tokens. Syndicates, trusts, monopolies are only one phase of the unifying life. Many little businesses formerly competed with each other as different entities, each of which must struggle for a separate existence. Now they merge into one gigantic, throbbing life.

Larger than the city ownerships and organizations are the national. Every added department in Uncle Sam's government is a sign of growth on the part of the manikin of the world. It means an organization of the industries falling under the jurisdiction of that department. And the organization of the industries marks their unification. In the new department of commerce and labor, the latest department to be added to our national government, all the interests of trade, capital and labor are gathered together and identified as never before. And they acquire a national solidarity never hitherto appreciated by Uncle Sam.

These, of course, are government concerns and momentous. But the breaking up of the smaller groups and the building of larger units is not limited to trade or to government. It is patent everywhere. Society methods are an illustration. Last New Year's day 18 young Chicago girls met at the house of a common friend to receive callers of the season. They thought it "so much more fun" than entertaining in a smaller way separately. And therewith they testified to the spirit of the times. A lot of club women are doing the same sort of things perpetually. They relinquish the lesser glory of personal hostess-ship in an individual home and give club concerts, club receptions, club luncheons, club parties of every manner and variety.

The mind of the social organism is growing. The brain of the man of the world is developing.

As he in any or all of his parts evolves there inevitably are changes. Growth implies change. And when the growth is rapid there sometimes is pain. Many of the pseudo troubles of the hour properly are no more than the man of the world's growing pains. They are cause for much rejoicing and congratulation rather than reason for lamentation or for concern. They are marks of advancement in social organization. They are proofs of progress toward the realization of human solidarity.

Quake Greater Than Ever Before

By ELMER SCHIMPFKY

It seemed that quite a number of people have some one particular theory to account for earthquakes, which must be pushed to the front, to the exclusion of all other theories, as if there must necessarily be only one cause in every case. Why may not comets at one time, and planets, by their tidal effects on subterranean molten seas, constitute the essential disturbing factor at other times, without excluding other causes at still other times? I do not believe the interior of the earth is either entirely solid or entirely liquid.

Little Left of Ancient Graft at Washington

By W. FREDERICK RUSSELL

There is one of the government departments in Washington—the postoffice, I think—that owns and operates its own ice plant and thereby effects a big saving in the course of a year.
If one of the big divisions of Uncle Sam can do this, why can't they all adopt the same policy? It is perfectly feasible for every ton of the ice consumed in the various national bureaus to be manufactured by one big central plant or a number of smaller ones and thereby escape the profit of the ice combine.

New Oliver No. 5

Sets Swiftest Pace Ever

Known in Typewriter Selling.

The wonderful new model Oliver No. 5, has taken the market by storm. Its reception by the public has exceeded in enthusiasm anything we had dared to anticipate.

Employers and stenographers alike have welcomed it as the machine that answers the multiplied need of the hour.

The cry is for Speed! Speed! Speed!—and the Oliver responds.

The demand for Durability is filled by the sturdy, steel-clad Oliver.

To a call for a writing machine that will do many things, and do each of them equally well, the Oliver answers with its unexampled versatility.

—Its visible writing saves the strain on eye and brain.

—Its legibility lends beauty to its work. The letters that bear the Oliver imprint are the letters that seem to speak.

Oliver No. 5 fairly bristles with new and exclusive time-saving features. We have space to mention only a few of the more important ones.

—Disappearing Indicator shows exact printing point.

—Balance Shifting Mechanism saves operative effort.

—Fine Ruling Device is fine for tabulated work.

—Double Release doubles convenience.

—Non-Vibrating Base insures stability. Yet with all of these added improvements, we have still further simplified the Oliver by fusing brains with metal.

Oliver No. 5 is a dream come true—the dream of Thomas Oliver crystallized into this wonderful mechanism of shining steel that embodies very possible requirement of a perfect writing machine.

The Proper Question.

The man with the glassy eye and preternaturally solemn demeanor put down a sovereign at the booking office at Charing Cross, and demanded "a ticket." "What station?" snapped the booking clerk. The would-be traveler steeled himself. "What stations have you?" he asked with quiet dignity.—London Globe.

Disease Carried by the Fly.

Asiatic cholera, so fearful in its ravages, is among the fly's specialties; tuberculosis is another; every disease which begins or ends or endures in filth is his ally; and it has even been demonstrated that the fly carries and deposits, in active and virulent condition, the bacillus of the scourge before which the white man quails in sick and terrified loathing—leprosy.

Baby Morphine Fiends

are made by all soothing syrups and baby medicines that contain opium and narcotics. McGee's Baby Elixir contains no injurious or narcotic drugs of any kind. A sure and safe cure for disordered stomachs, bowels and fretfulness—splendid for teething infants.

Sold by St. Bernard Mining Co., Incorporated, drug department.

Where They Excel.

Where men are natural leaders born, and some are poets made; some win fame through politics, and some get coin in trade. But of the entire earthly crowd, these form but a small slice; for the average man prefers to stand around and give advice.

Seared With A Hot Iron.

or sealded by overturned kettle—cut with a knife—bruised by slammed door—injured by gun or in any other way—the thing needed at once is Bucklen's Arnica Salve to subdue inflammation and kill the pain. It's earth's supreme healer. Infallible for Boils, Ulcers, Fever Sores, Eczema and Piles. 25c. at all drug stores.

Three Meals for Six Cents.

The grand jury at Greensburg, Pa., the other day recommended that the amount paid to the sheriff for the daily food supply of prisoners in the jail be cut from 12½ cents to 6 cents for each prisoner. The daily portion for each prisoner is one loaf of bread, two cups of coffee and one bowl of soup, with meat once a week. The grand jury says: "We believe the same can be served at a cost not to exceed six cents."

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Reglets act and gently cure constipation. 25 cents. Ask your druggist.

Superior Pineapple in Demand.

One kind of Mexican pineapple, known as the cayenne, is entirely free from spines, and the flesh is much more tender and juicy. These cost up to 75 cents apiece, and the demand is far ahead of the supply.

Cured Hay Fever and Summer Cold

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." For chronic coughs and lung trouble it has no equal. Refuse substitutes.

The Difference.

What is the difference between the permission to speak in a low tone, and a prohibition not to speak at all? In the one case you are not to talk loudly; in the other you are not allowed to talk.

Take Notice.

If you are all run down Foley's Kidney Remedy will help you, as it strengthens the kidneys so they will eliminate the impurities from the blood that depress the nerves, and cause exhaustion, backache, rheumatism, and urinary irregularities, which sap the vitality. Do not delay, and risk having Bright's disease or diabetes. Take Foley's Kidney Remedy as it is healing and antiseptic, and will restore health and strength. Refuse substitutes.

Sold by St. Bernard Mining Co., Incorporated, drug department.

Money and Its Uses.

Money is the clothing of a gentleman; he may wear it well or ill. Some carry great quantities of it gracefully; some, with a stinted supply, present a decent appearance; very few will bear inspection who are absolutely stripped of it.—George Meredith.

For indigestion and all stomach trouble take Foley's Orino Laxative as it stimulates the stomach and liver and regulates the bowels and will positively cure habitual constipation. Foley's Orino Laxative cures sick headache and biliousness and on account of its mild action and pleasant taste is especially recommended for women and children.

The Philosopher of Folly.

"When I hammer a lot of other people," says the Philosopher of Folly, "I'm not displaying intellect. Anybody can do that. But when a lot of other people hammer me, I know I'm of some importance in the world."

Quite So.

Railroad Official—"Well, our road is very much in the public eye these days, eh?" Dirgrunted Traveler—"All I know about it, its clinders are."

Quality Counts.

It is not the worst liar who makes a hit, but the best.—Life.

Would Be Valuable Knowledge.

An Austrian physician insists that every man has a bad day periodically—a day when everything goes wrong for him and when his mental and physical powers are at their worst. It is too bad that the physician is unable to furnish a chart whereby every man's off days might be readily indicated, thus making it possible for his family to take steps to keep him from buying things on margins.

Disagreeable at Home.

Lots of men and women who are agreeable with others, get "cranky" at home. It's not disposition, it's the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle.

Sold by St. Bernard Mining Co., Incorporated, drug department.

Value of Ideals.

Ideals are like stars; you will not succeed in touching them with your hands. But, like the seafaring man on the deserts of water, you choose them as your guides, and following them you reach your destiny.—Carl Schurz.

The Crime Of Idleness.

Idleness means trouble for any one. It is the same with a lazy liver. It causes constipation, headache, jaundice, sallow complexion, pimples and blotches, loss of appetite, nausea, but Dr. King's New Life Pills soon banish liver troubles and build up your health. 25c. at all drug stores.

Temperance Lesson.

The burglar who commandeered a bottle of brandy, and by absorption of its contents caused himself to be caught sleeping in the midst of his booty, now understands whither one may be led by the vicious habit of drink.

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Bitters cured me."—J. H. Walker, Sunbury, Ohio.

A Dutch Auction.

A Dutch auction is the name given to a public sale in which the auctioneer fixes a price upon the article to be sold, above its value, and then gradually reduces it until some one closes with an offer.

Everything Originates in the Mind.

Genius believes its faintest presentiment against the testimony of all history, for it knows that facts are not ultimates, but that a state of mind is the ancestor of everything.—Emerson.

No matter how long you have suffered, Foley's Kidney Remedy will help you. Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." It will cure you, as it has restored health and strength to thousands.

Promising Youth.

"You don't know how proud I am of my younger brother Jerry," said Mrs. Hamilton. "Before he had been in college three years he got his bachelors degree."

'Twas a Glorious Victory.

There's rejoicing in Fedora, Tenn. A man's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work nor get about," he writes, "and the doctors did me no good, but, after using Dr. King's New Discovery three weeks, I feel like a new man, and can do good work again." For weak, sore or diseased lungs, Coughs and Colds, Hemorrhages, Hay Fever, LaGrippe, Asthma or any Bronchial affection it stands unrivaled. Price 50c. and \$1.00. Trial Bottle free. Sold and guaranteed by all druggists.

Change of Evils.

Wife—"Do come with me to call on the Joneses; they'll make you feel perfectly at home." Husband—"Well, then, what on earth is the use of going?"

Washington's Plague Spots

lie in the low, marshy bottoms of the Potomac, the breeding ground of malaria germs. These germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malaria troubles. "They are the best all-round tonic and cure for malaria I ever used," writes R. M. James, of Louisville, S. C. They cure Stomach, Liver, Kidney and Blood Troubles and will prevent Typhoid. Try them, 50c.

Guaranteed by all leading druggists.

Why the Eagle?

"As free as a bird in the air," we say. Now, of all the birds of the air the eagle is king, and, therefore, of all birds he is the freest. This fact, coupled with the eagle's independence, self-reliance and unconquerable courage, caused it to be chosen as the emblem of the youngest and greatest of republics.—New York American.

"How air, that military officer in!" "He can't help it; he's in the balloon corps."

Pet Vice Like a Pup.

A pet vice is like a pup—if you keep it any length of time you become so attached to it that you can't bear to think of parting with it.—Boston Globe.

A Weakling

China's Multiple Crops.

China has three crops of tea—the spring crop in April, the second in May and the "even flower" crop about the first of July. The export season is throughout the year. Three crops of rice are harvested; export of this product is prohibited.

Beware of Chattering.

Conversation, like bonbons, should be taken in moderation. About the only one that can thoroughly enjoy unlimited chatter is a member of the monkey tribe. To talk the clock around generally means words—not ideas.

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

First-Class Lawyer.

"Well," said the young solicitor, after he had heard the statement of a client who was about to bring action for slander, "your case appears to be good. I think you can secure a verdict." "That's what I told my wife," said the client, "and yet she insisted at first that we ought to engage a first-class lawyer!"—Exchange.

The Foolish Painter.

An interesting anecdote is told, on the highest authority, in connection with the little Matthew Maris picture of "The Four Mills," which realized 3,300 guineas recently. The late M. Goupil of Paris, paid the artist 100 francs for the picture, and at the same time gave him a lecture on the foolishness of painting such unsalable stuff!

Could Not Eat

Tooth Health

follows

Tooth Cleanliness

If fiction or rubbing where the only thing needed for thorough tooth cleaning and tooth health, most any dentifrice or a plain brush and water would be good enough. But this would not kill the germs of decay.

FORMALDINE TOOTH PASTE

reaches and destroys the germs of decay without in any way, shape or manner attacking the enamel or the gums. When applied to the teeth by a brush it is dissolved by the saliva in the mouth and in this way is carried between the teeth, into decaying cavities and under the gums. A little put on a moistened tooth brush acts as a perfect cleanser and antiseptic even with most gentle brushing.

It whitens the teeth because it cleanses them of all foreign substances such as stains, tartar, etc.

COLORED COLUMN.

S. B. DRIVER, EDITOR

In spite of the intense heat the Sunday schools of each of the churches as well as the usual services were well attended.

Mrs. Titus Parker, of Hecla, who has been very sick for some weeks, passed into the "Silent Beyond" on Thursday and was buried from the Baptist church in Hecla, of which she had been a faithful member for a number of years. She leaves a husband to mourn her loss, to whom with her many friends we extend our sympathy.

Again we are called upon to report the death of one of Earlington's most estimable citizens in the person of Mrs. Josie Earle, who heard the small, still voice and crossed the stygian flood on Friday at 1 a. m. Mrs. Earle was a member in good standing of the A. M. E. Zion church and Fairview Temple, S. M. F. No. 48. Rev. T. O. Stoner pronounced the funeral oration a very sympathetic and touching set of resolutions were read by Miss E. B. Hawkins. Resolutions of respect by the Temple were read by Mrs. Bessie Gill after which the sad procession moved to the city cemetery, where all that was mortal of our sister was lowered in the grave with the honors of the lodge she loved so well. The departed leaves a husband, six children and a host of friends and other relatives.

Mrs. Whitson Eaves is seriously ill at this writing, so much so that the services of our very efficient trained nurse, Miss Ruby Thompson, is required. We earnestly hope she may speedily recover.

Mrs. John Patton's little girl, Minnie, is very sick at this writing.

Otho Brown, who has been very sick, is able to be out at this writing.

Mrs. Eugene Moore is on the sick list this week.

During this terribly torrid weather, even if we are working people, we should not fail to exercise some prudence. Serious consequences may be brought about by undue exercise during the intensely hot part of the day. Self preservation is the first law of nature, and good health is all of which we can boast.

Mr. and Mrs. Robert Earle were in town last week in attendance at the funeral of their mother, Mrs. Henry Earle.

Mr. and Mrs. Dennis Dukson, of St. Louis, attended the funeral of their mother, Mrs. Henry Earle, last week.

Mrs. Garfield Osborne is spending the week in St. Louis.

Mrs. Sam Wortham is visiting friends and relatives in Chicago.

The Baptist church will hold its regular session in Alexander Park on Sunday if weather is suitable.

Joseph Williamson and family attended the funeral of his little grandson at Madisonville on Saturday.

We are glad to report Mrs. Anna Martin, who has been quite sick for some time, now able to be about her domestic affairs.

The stork left a fine boy at the residence of Luther Smith, last week. All concerned are doing well.

Quite a number of our people attended the Baptist Association meeting at Henderson last Sunday.

ATTENTION.

The Knights of Friendship will meet at Odd Fellows' hall Saturday night without fail. Every member is ordered out, business of importance to transact. 7:30 p. m.

S. B. DRIVER, R. C.

Moses Grover, who has been at home sick with fever, is some better at this writing.

The noxious weed prejudice seems to have worked havoc with the splendid aggregation of ball players we boasted, with a splendid park, plenty of time for both practice and play. It is too bad, too bad the good old days of Killebrew, Osborne, Faulkner, Wilks, Edmunds and others of their ilk cannot return.

Mr. and Mrs. Eugene Moore gave a dinner party Sunday in honor of Miss Mabel Kelley, of Hopkinsville, and Miss Susie Anderson, of St. Louis. Those present were Misses Lucy Phelps, Julia Williams and Mr. Howard, Mr. and Mrs. Geo. Gladden, Mr. and Mrs. E. Jones.

The Mount Zion Baptist Sunday school will entertain the public with a Slab-sided Convention at Old Baptist church Thursday and Friday, August 19 and 20. Admission 10 cents. Small children under 10 years free.

Notice.—The Mount Zion Baptist Sunday school will hold Sunday school service Sunday morning, Aug. 22, at Alexander Park at 9

o'clock until 10:30 o'clock. Preaching at eleven o'clock, at same place, by Rev. J. R. Evans.

NET EARNINGS OF L. & N.

Seew A Remarkable Increase Over Last Year.

Louisville, Ky., Aug. 18.—The statement of the Louisville & Nashville Railroad for the fiscal year ending June 30 show that the gross earnings for the year were \$45,425,891.44, as against \$44,620,281.16 for the fiscal year ending June 30, 1908. The operating expenses for the fiscal year were \$29,627,499.48, as compared with \$33,694,967.17 for the previous fiscal year, leaving net earnings for the last fiscal year of \$4,873,077.98.

This is a remarkable statement in view of the fact that the country is just emerging from period of financial depression covering nearly two years. One item on which the Louisville & Nashville Railroad has been able to save thousands of dollars is the building of the road's own engines at the shops in South Louisville.

No lines were constructed during the year and recently the road acquired the Louisville & Atlantic Railroad.

Testifies With Pleasure.

Good evidence: "With pleasure I testify to the merits of Hughes Tonic as a remedy for chills and fever. I recommend it, and in no case have I known it to fail, even in the most obstinate." Sold by Druggists—50c. and \$1.00 bottles. Prepared by Robinson-Pettit Co., Incorporated, Louisville, Ky.

DO IT NOW.

Earlington Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's Disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

J. H. Davis, formerly of Main and Robertson Sts., Earlington, Ky., says: "I am using Doan's Kidney Pills at the present time, in fact, have just finished my second box. I obtained the remedy at the St. Bernard Drug Store and think highly of it. I do not care to go into details regarding my case in a public statement but will be glad to tell anyone what Doan's Kidney Pills did for me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Opinions of Others.

I never yet knew any man so bad but some have thought him honest and afforded him love; nor any one so good but some have thought him vile and hated him. Few are so thoroughly wicked as not to be estimable to some; and few are so just as not to seem unequal; ignorance, envy and partiality enter much into the opinions we form of others. Nor can a man, in himself, always appear alike to all. In some, nature has made a disparity; in some, report has blinded judgment, and in others accident is the cause of disposing us to love or hate.—Owen Feltham.

Cajoling an Indian God.

A story comes from Gorakhpur, India, to the effect that two boys went to the river side to invoke the water god Mahadeo. They recited "mantras" at some length, but Mahadeo did not appear. Whereupon the lads contrived to hasten his coming by cutting at each other's throat with a sword, suggesting thereby to the recalcitrant that their lives were in danger. This method of invocation proving abortive as well, they both jumped into the river. One was drowned, but the other returned to his right mind and ran home to tell his story.

OCEAN LINER SUBMERGED

LUCANIA SUNK TO PREVENT DESTRUCTION BY FIRE.

Steamer in Liverpool Dock Is Gunned by Fire From Tunnels Forward—Firemen Have Narrow Escape.

Liverpool, Aug. 16.—The Cunard line steamer Lucania lies submerged at the Huskisson dock, seriously damaged, having been almost gutted from her tunnels forward by fire which broke out on board the liner Saturday evening.

The fire brigade of the vessel, with two powerful motor engines, turned out immediately at the first alarm and found the first saloon burning fiercely from end to end. Despite all their efforts, the flames gradually worked forward until it reached the storage, consuming every particular of the woodwork there, and then played havoc with the forehold.

At 3 o'clock in the morning it was decided to flood the vessel by admitting water into her from the dock. Soon she keeled over and her funnels came in contact with the cranes on the dock and were badly damaged. A half dozen firemen who were on the gangway at this time were thrown into the water, but all were rescued. A fleet of tugs then was brought into requisition and pulled the liner upright and held her until she settled firmly on the mud bottom.

It was 10 o'clock in the morning before the fire was under control and noon before the fire brigade was able to relinquish their task. The second-class quarters and the whole after part of the boat, including the engine room, escaped injury from the flames, and comparatively little damage was done to the exterior of the vessel. Her upper part is considerably above water. The first saloon skylights were destroyed and the decks forward are badly buckled. Some of the plates of the hull were warped by the heat.

11 KILLED IN COLLISION

Wreck Occurred Within Sight of Home of Dead Fireman, and His Wife Witnessed Accident.

Colorado Springs, Colo., Aug. 16.—With the death of C. M. McCreary of Dallas, Tex., the number of fatalities resulting from the Husted wreck on the Denver & Rio Grande was increased to eleven. None of the injured, numbering close to two score, in the local hospitals, is believed to be in a critical condition.

The body of F. G. Frederick, a St. Louis attorney, was sent to that city. The bodies of John Bozphorka and J. J. Parker, Chicago, and A. A. Davidson, Parsons, Kan., were sent home.

Engineer Lessig, driver of the lead engine hauling the northbound train, who disappeared immediately after the wreck, was found at his home in Denver. He appeared greatly worried and ordered no reply to questions regarding the cause of the accident.

John Gossage, fireman for Lessig, was the only one of the six men and three women who were killed. The bodies of the three women were found within sight of their home, and his wife, standing in the doorway, witnessed the accident. She was among the first to reach the scene.

TIPTON BANK MAKES GOOD

The First National Bank Has \$75,000 in Cash to Pay Depositors in Full and Resumes Business.

Tipton, Ind., Aug. 16.—All the depositors of the First National bank of this city who desired are being paid in full today. At 9 o'clock this morning the bank was reopened, after having been closed for several weeks, since the disappearance of the assistant cashier, Noah R. Marker, and the simultaneous discovery that \$60,000 of the bank's cash was missing.

The directors of the bank have accumulated in the last few days \$750,000 in cash, and it lies in the vault, guarded by day and night shifts of watchmen. The amount is more than enough to cover the deposits. The shortage in the funds of the bank is between \$160,000 and \$200,000. The federal grand jury, in session at Indianapolis in November, will investigate charges of violation of the national banking laws in connection with the operating of the bank. Marker, who returned to the city after a week's absence, is under bond of \$10,000 to appear before the grand jury.

Auto Backs Down Hill; One Dead. Pierre, S. D., Aug. 16.—Miss Helen Klingman was killed and E. A. West, a real estate man of this city, suffered a broken leg in an automobile accident in Sally county, northwest of Okoboji. The machine, driven by Mr. West, backed down a steep hill, and running back down, turned turtle, pinning Miss Klingman beneath it and crushed her to death. Other members of the party escaped by jumping.

Gov. Hadley's Partner Dies. New York, Aug. 16.—H. C. Ward, a prominent Kansas City philanthropist and a law partner of Gov. Hadley, of Missouri, died in a sanitarium here, of apoplexy. He was stricken here Saturday while on the way from his summer home at Bass Rock, Mass., for Kansas City, on business. Mr. Ward, who was 46 years old and leaves four children, was rated as a millionaire.

THEORIST IN DEEP TROUBLE.

He Cannot Understand Why Things Disappear When They Are Not in Constant Use.

"Did you ever notice," asked the theorist, "how a thing will disappear if you don't use it for awhile? Leave it around your room for awhile and it will vanish."

"Easy enough," said the practical man. "The servant sweeps it into the wastebasket."

"Not at all," said the theorist. "Try the experiment of having two of anything and use one, and the other will disappear. I mislaid my pocketknife a few weeks ago and bought another. I found my old one that night and carried both in my pocket for awhile, always using the new one. In the course of time the old one vanished—vanished magically from my pocket."

"You dropped it," said the practical man.

"Why didn't I drop the new one?" asked the theorist. "And why is it always that way? I had a new key made for my office desk, under the impression that there was something wrong with the old one. There wasn't. I carried both of them on a ring. After awhile the old one, which I didn't use, vanished off the key ring."

"At home I use an eyeshade for reading at night. I had two, one light and one heavy. Lately I have been using the heavy one alone, keeping the light one in a drawer. To-day I opened the drawer and found the light one gone. Do you think the maid opened the drawer so as to find something to sequester for the wastebasket?"

"Bosh!" said the practical man.

"Try it," said the theorist.

Make Your Money Do Its Duty

You are Paying the Price of Good Goods, Why not Get Them?

Our Fountain.
Since time began nature has demanded cool drinks through the hot days, and with our thoroughly modern fountain facilities, we feel that we are making no bold assertion when we say that we are in a position to serve almost any drink that your thirst demands. Our Sodas, Sundaes, Phosphates, Egg drinks, etc., will please you. Try our fountain today.

Bristle Goods Department.
Having formed the opinion that there is nothing too good for our customers, we just can't help buying the best in this line. When it comes to Hair Brushes, Tooth Brushes, Nail Brushes, Etc., you make no mistake by calling here. We want you to know more about our store.

Stationery Department.
Since the early days of our forefathers stationery has gradually improved with each generation. From the old rude parchment of long ago comes such brands as "Carla Linen," "Eaton Hulbert" brands, which are recognized as the world's best. We handle them both and recommend them to our trade. Our prices are extremely low. Try us next time.

Cigars and Tobacco.
Believing in the old adage, "Rush a good thing along," we are still pushing this line. No cigar of real merit has been left out of our cases. When we know from experience that a cigar is worthy of a place among our standard brands, we want it and get it. If it is not we pass it up. Try "Old Guard" next time.

Attention! All Ye Knockers.
All we ask is an opportunity to show you in our store, that Chinamel floor finish will not crumble, powder or break when struck a heavy blow by a hammer. Visit the Chinamel counter this week. Take your hammer and try it yourself.

Kodaks.
There's no crowd when the third's a KODAK
Anybody can Kodak. No fuss. No bother. No dark room. Kodaks, \$5.00 to \$100. Brownies (they work like kodaks) \$1 to \$12.00. Come in and see the new things from Kodak City.

Every Prescription
is prepared by a graduate in pharmacy here. We consider this the most important part of our business and we are not satisfied to have any but qualified college trained experts in our prescription department.

Perfumes and Toilet Waters.
No one knows better than we the absolute necessity of handling the best in this line. We believe that a perfume or toilet water that is worthy of a sale must be worthy of the price charged for it. Therefore we offer such brands as "Houbigants," "Hudnuta," "Palmer's," "Imperial Crown," "Colgates," Etc. We guarantee satisfaction in this line.

Rubber Goods.
In this department we are showing an unusually good line of fresh stock. We guarantee the quality of all our Hot Water Bags, Fountain Syringes, Etc. Our prices are low. We believe we can give you better stock for less money than others charge. Come here next time.

Next Time
you need any drug store goods we hope you will think of this drug store and come here. We feel quite certain we will please you. We want your trade and we believe if you will try us you will give us all your business. Try us next time.

Soaps
The soap nowadays, which attracts the attention of the masses is the soap with a "past," a past reputation which causes it to sell where others fail. Many inferior brands are put on the market—live a short time and finally die. "Pears," "Hudnuta," "Rogers," "Gatells," "Sylvan Soaps," Etc., have been on for years and are still on. We handle them.

Patent Medicines
This line embraces medicines for almost every known ill. We know that you will want something sometime in this line and we know that when you do want it you will want the best, so its here for you at prices exceedingly low. Full line of stock and poultry remedies.

COLLIE DOGS AT THE STATE FAIR.

An Exhibit That Should Appeal to Progressive Farmers.

The collie dog exhibit from present indications will be bigger and more attractive than ever before. The number of prize rings have been increased and the premiums are more liberal than last year's show. It will be held under the rules of the American Kennel club and as four points are to be gained by owners toward a championship medal, it is confidently expected that there will be a number of high class exhibits from the eastern and northern states and it is not at all unlikely that some of the most celebrated kennels in the United States will be represented at this show. The exhibit will be conducted under the auspices of the Kentucky State Fair Collie club, which includes in its membership the most prominent collie fanciers in the state and gentlemen who are quite prominent in business and social affairs. The club officers are: Judge Geo. DuRelle, president, Prof. M. A. Scovell, vice president, W. J. Sellman, secretary, John H. Good, Joseph Burge, W. H. Giltner, W. R. Moorman, Jr., members of the executive committee. A number of special prizes have been secured and altogether the prospects are quite flattering. The collie has come to be recognized as a farmer's dog and for this reason this show should appeal to every progressive farmer in the Commonwealth. For many years past the dog show has been one of the very best attractions of the State Fair. This year with an increased number of dogs and a greatly increased interest in the show, it should be better than ever.

SOME FINE FEATURES.

Special Nights at the Kentucky State Fair.

Mr. A. B. Lipcomb, president of the Louisville advertisers club, will be at the head of the special nights' program. Mr. Lipcomb is ambitious to make the special night features a greater attraction than at any previous fair and with the addition of the night horse show, which has proved such a popular attraction at all of the leading State Fairs and Hippodrome performances in the pavilion, there is little doubt that his hopes will be realized. Associated with him are the following influential and enterprising gentlemen, each of whom will strive to make his night the best: Prof. E. H. Mark, of the Louisville public schools, who will be chairman Monday night, designed as school children's night; Mr. Louis Seelbach, chairman Tuesday night, which has been named German-American night; John Rechtenwald, president of the Louisville federation of labor, chairman Wednesday night, labor night; Col. W. B. Halderman, commander of the first Kentucky regiment, chairman military night, Thursday night; John J. Barry, chairman Irish American night, Friday night; J. E. Dorland, chairman farewell night, Saturday night.

Saturday should be an entertaining day to the children, as the Shetland pony classes will all be exhibited, and to the general public on account of the horse championships being awarded that day.

MACHINERY EXHIBITS.

Plenty of Space For Such Displays at Kentucky State Fair.

Applications for space in the machinery department are being received daily at the State Fair offices. The importance and magnitude of exhibits in this department are growing every year. While the same advantages are not offered to exhibitors as are given them by older institutions in the way of machinery halls, there will be plenty of space in one of the most conveniently located parts of the grounds for exhibits of this nature, and every other facility and accommodation will be at their disposal. Among those who have signified their intentions of making displays at the Fair this year are manufacturers of engines, pumps, stock scales, fences, mills, road machines, vehicles, harvesting machines, mowing machines, planters, plows, and everything in the way of modern up-to-date machinery and farming utensils. The farmer who would keep abreast of the times, must necessarily be instructed in the use of better methods of farming and the use of improved and labor saving machinery on the farm, and can find no stronger object lesson than at an exhibition of this kind.

AN INNOVATION.

Hereford Sale at the Kentucky State Fair.

For the first time at the Kentucky State Fair there will be held a public sale of registered Hereford cattle on Thursday, Sept. 16th, 1909. This sale will be made up of some of the best bred and bred by Kentucky Hereford will be a something like fifty head.

If this sale is a success, as its future public life will be, in the cattle will prove of other breeds of registered stock, as well as of other wanted fatted hogs. Any farmers would do well to stock of Hereford sale, as the day is on hand at the highest bidder.

For catalog, entry blank or other information, write J. W. Newman, Secretary, 320 Paul Jones Building, Louisville, Ky.

SIX GREAT DAYS.

Special Day Program at the Kentucky State Fair.

The special day program is one of the most interesting parts of the State Fair. It will bring many additional thousands of visitors to the Fair. Fred W. Keisker is the general chairman of the special days' committee. Monday, Sept. 13th, the first day, will be known as school children's day and Louisville Times day. Prof. J. G. Grabbe, state superintendent of public instruction, who has been made chairman of this day's program will make an extraordinary effort to secure a record breaking attendance of school children from the city of Louisville and state of Kentucky. As this is the opening day, the ceremonies will likely include an address by the governor and a number of other distinguished speakers are expected to honor the Fair with their presence on this occasion.

As the naming of each day for the daily papers of Louisville is an innovation in the Special Day program, each paper will try to make its day the biggest, and the power of the press once wielded in behalf of an institution like this can bring tremendous results. Mr. Robert W. Brown, managing editor of the Times, is vice chairman for the first day. Tuesday, Sept. 14, will be Fraternal Day and Louisville Herald Day. Mr. Charles B. Norton is chairman, and Mr. George A. Newman, editor of the Herald, is vice chairman.

All the leading fraternal organizations in the state will be asked to join in a grand parade and make this a general reunion or common meeting ground for all the fraternal organizations within the state. On this day the judging of all departments will begin. Horses and mules and cattle will be exhibited in the livestock pavilion. The sheep, swine, poultry and other departments will be judged in separate arenas within their department enclosures.

Wednesday, Sept. 15, will be Louisville and Southern Indiana Day and Courier-Journal Day. Mayor James F. Grinstead of Louisville will be chairman; Mayor Jacob Best of New Albany, Mayor E. N. Flynn of Jeffersonville, and Graham Vreeland, managing editor of the Courier-Journal, will be vice chairmen. The mayor of Louisville and the mayors of the two neighboring cities across the river will each issue a half-holiday proclamation. Some of the best horse rings of the week are scheduled for this day. Also jack stock, Hereford and Angus cattle, Ayshire cattle, Duroc and Chester White swine, Hampshire, Cotswold and Dorset sheep will be judged. Thursday, which has always brought the largest attendance at past fairs, has been very appropriately designated as Kentucky Day, Press Day and Good Roads Day. More Kentuckians will be seen together than on any single day or single event of the year. Mr. T. C. Underwood, president of the Kentucky Press Association, is chairman of the day, and will have associated with him all the active and public-spirited newspaper men of the state, which alone should make it a banner day.

Hon. Joseph F. Bosworth, president of the Kentucky Good Roads Association, is vice chairman. As an active campaign for the good roads amendment to the constitution will be waged throughout the state the coming fall, it is likely that some of the big guns for this much needed public improvement will open their first fire at this meeting. President Bosworth believes that nearly all the good roads enthusiasts in the state, which equal a good-sized army, will be on hand. Several rings of horses will be shown in the pavilion, and 1 Shorthorn cattle, Hampshire, Tamworth and Yorkshire swine, American Merino, Delaine Merino, Rambouillet, Lincoln and Cheviot sheep and Angora goats will be judged.

Friday Sept. 17th, will be Equity Day, Tobacco Growers' Day, Grange Day, Louisville Post Day. Colonel C. M. Barnett, president of the American Society of Equity, will be chairman, and F. P. Wolcott, master of the Kentucky State Grange, and Mr. Boyl G. Boyle, managing editor of the Post, are vice chairmen. This should certainly be a farmer's day, and if all indications do not fail, the "Sons of the Soil" will be out in greater numbers than was ever known before. The tobacco growers from the dark patch, the Green River district, and the Burley section, are all coming strong, and each will try to outnumber the other. The Patrons of Husbandry, that noble band of enlightened farmers who have worked wonders for the betterment of agricultural industry in this country, will likely attend in goodly numbers from this and other states. The judging in all departments except horses will be concluded this day, and in the afternoon there will be a grand parade of all livestock winners in the Livestock pavilion. These animals will be decorated with ribbons worn at this fair and other great fairs and expositions this year, which will form a most pleasing sight for Fair visitors, and especially enthusiastic lovers of blooded stock.

Saturday, the last day, will be Everybody's Day, and all who have not been included in the foregoing days may be very aptly classed in this.

For catalog, entry blank or other information, write J. W. Newman, Secretary, 320 Paul Jones Building, Louisville, Ky.

AEROPLANE FLIES OVER 3 VILLAGES

BEATS WRIGHT BROTHERS' TEN-MILE RECORD FOR CROSS-COUNTY FLIGHT.

IN THE AIR OVER 19 MINUTES

Passed Over Towns, Sets of Telegraph Wires and Clumps of Trees—Cheered by Laborers Who Quit Work to Watch Him.

Mineola, L. I., Aug. 14.—C. Foster Willard in the Golden Flyer, a machine of the Curtiss biplane type, flew 12 miles across country in 19½ minutes. This beats the American record of 10 miles made by the Wright brothers at Fort Myer a few weeks ago. The Wrights have made longer flights around a small course and longer cross-country flights have been made abroad.

Mr. Willard, who has been making short flights almost daily in the machine belonging to the Aeronautic society, started from Mineola at 5:26 a. m. in an attempt to make a new world's record cross-country flight. His route lay around an irregular square and carried him from Mineola over Garden City, Westbury and Hicksville and back to Mineola.

Disappears for 15 minutes.

Leaving Mineola, Willard rose to about 150 feet in the air, and going off at a fast clip his machine was quickly a speck on the horizon. Soon it disappeared behind the trees.

Nearly 15 minutes had elapsed when the speck again appeared miles away in the direction of Westbury.

The crowd was watching the machine approach on its return and were getting ready to congratulate the aviator when the machine began to glide slowly downward, and landed in a field between Mineola and Westbury about two miles from Mineola.

Jumping into an automobile the watchers found Willard's machine undamaged by the landing, and the aviator tinkering with the magneto. That part of the mechanism which provides the spark for the ignition of the gas was deranged, but Willard said the aeroplane glided gracefully and easily to the ground and alighted without a mishap after the power was shut off.

On his flight he passed over several sets of telegraph wires and clumps of trees and once, when he passed a group of Italian laborers, they quit work and cheered him.

The record for the longest cross-country flight in an aeroplane is held by Henri Farman, the French aviator, who was the first man to get off the ground in an aeroplane in France. He flew in a biplane from Chalons to Suippes, 40 miles, in one hour and five minutes. The flight was made July 23 of this year.

The longest flight across water was made by Louis Bleriot when he crossed the English channel July 25 in his monoplane. The width of the channel where Bleriot crossed is 21 miles. He made the distance in 37 minutes.

Blows Head Off With Dynamite.

Peoria, Ill., Aug. 16.—Charles F. Jones, aged 37, a Hanna City, Ill., coal miner, committed to the Peoria state hospital August 3, at his own request, committed suicide in a ravine near the asylum by blowing his head off with a dynamite cartridge. His case was mild, and he was allowed the freedom of the grounds, and doubtless secured the cartridge from a nearby coal mine.

AEROPLANE RACES AN AUTO

CURTIS' FLYING MACHINE EASILY BEATS MOTOR CAR.

C. Foster Willard, an Amateur, Makes Rapid Time and Wins Mile Race With Ease.

New York, Aug. 10.—C. Foster Willard, who has been making successful flights with Glenn E. Curtiss' aeroplane, had a thrilling race with an automobile while flying near Mineola, L. I.

Willard had made five sweeping circles when he noticed that a motor car 30 feet below him was racing to his landing place. The aeroplane had been covering less than 40 miles an hour, but as the car shot ahead Willard moved up his motor a few points, kept even with the car, and then darted ahead, winning a mile spurt by good margin.

It was his sixteenth successful flight with the Curtiss aeroplane. Flying close to the ground, Willard essayed several times to make a circle about a mile and a half in circumference, but was not able to complete the circle, because of the ground and trees, on which he had not calculated. He made five long curved flights at high speed.

The lengths of the flights varied from seven-tenths of a mile to two miles. In the fourth flight Willard successfully accomplished his first turn, sweeping over the field at a 40-mile clip at a height of 30 feet. He made three complete turns in all, covering two-thirds of a circle.

His feat is considered remarkable, in that he has made only 11 flights. Two hundred persons, many of whom came in automobiles, witnessed his flight. W. K. Vanderbilt, Jr., was among the spectators.

"HOLY ROLLERS" TO MOVE

East Chattanooga Court Declares Fanatics a Nuisance—Leader Has a Call.

Chattanooga, Tenn., Aug. 10.—Justice Parks at East Chattanooga decided the case of Henager Trim, leader of the "Holy Rollers," declaring the services which Trim conducts a nuisance. Trim was held to the circuit court in bond of \$250. Prominent citizens swore that the services ran late into the night and hideous shrieks and curses rent the air.

Some nights ago a mob visited Trim and threatened bodily harm if he did not leave. He declared he remained here on the direct orders of God.

At the conclusion of services late last night Trim announced that he received a manifestation of the Holy Spirit in which he was ordered to abandon Chattanooga and seek new fields.

EXPLOSION SINKS BOAT

Three of Crew Wounded From Hammocks on Varuna—Cruiser Burns and Sinks.

Chicago, Aug. 14.—An explosion of a motor on board the cruiser Varuna nearly caused the death of three Chicago yachtsmen and resulted in the boat burning and sinking.

The men, Walter Davis, Dr. L. Dewan and Henry Flagg, were in hammocks on deck when the explosion occurred. The force of the explosion threw them from the hammocks and tore a hole in the hull.

Fearing a second explosion of gasoline, the men, with members of the crew, hastily escaped in a rowboat.

Harry B. Darling, secretary of the League of Indiana Democratic clubs, received word that he will be appointed to take charge of the press bureau of the National League of Democratic clubs.
